

## The Uncle Devin Show Tech Rider

Mic/Input List That We Bring:

Two (2) quarter inch cables for drum pads.

One (1) wireless guitar system with a quarter inch cable

Two (2) wireless microphones with XLR cable inputs.

One (1) audio microphone for auxiliary percussion (i.e., bongo, congas, cowbells, etc.)

(We are able to mix all of the above together into a 12" speaker and run one cable to a main board, if needed.)

If others are providing the Audio:

1. Professional 2 or 4 speaker audio sound system with two microphone inputs. Talent will provide two hand-held wireless microphones and a wireless guitar system. Hotel systems where the speakers are built into the ceiling are not sufficient. A mixing board and 2 stage monitors are required. Please set up stage monitor so it can be mixed on each channel. (Artist is available to bring own sound system if needed).

Audio

2. Talent has two electronic drum pads that cues in both the drums and some of the music, and will need two direct boxes to sound board. Talent will provide all necessary cables to connect to direct boxes. Please provide two electrical inputs.
